

# Taksh Panchal

Application Developer

📞 7600894822    ✉ taksh2595@gmail.com    🌐 <https://github.com/taksh30>    📍 Vadodara, India

## SUMMARY

Experienced Application Developer with a strong background in Flutter, Dart, and cross-platform mobile app development. Proven ability to design, develop, and deliver high-quality, user-friendly applications for iOS, Android & Desktop platforms. Skilled in leveraging Flutter's reactive programming model, widget-based architecture, and hot reload capabilities for efficient and agile development. Passionate about creating seamless user experiences and delivering robust, scalable solutions. Adept at collaborating with cross-functional teams, adhering to best practices, and staying up-to-date with the latest Flutter and mobile app development trends.

## EXPERIENCE

### Software Developer Intern

[BooleanWorld](#) 📅 2024 - Present 📍 Vadodara

BooleanWorld is a leading technology company specializing in AI solutions and software development services. With a client-centric approach and a focus on innovation, we tailor customized solutions to drive business growth.

- Developed a full stack application using *Dart, Flutter*.
- Implemented front-end features using *Dart* ensuring a responsive and user-friendly interface.
- Conducted testing and debugging to ensure application performance and security.

## PROJECTS

### Inventory Management

📅 2024 📍 Vadodara

Developed a comprehensive inventory management application enabling efficient tracking and management of products, sales, and purchases. Key features include:

- **Product Management:** Add and manage product details, ensuring accurate and up to date information.
- **Inventory Control:** Monitor inventory levels with capabilities to log sales and purchase transactions.
- **Barcode Generation:** Generate barcodes for products based on inventory quantities, facilitating streamlined product identification and tracking.

### SoorBodh & JTCBRD Website

📅 2024 📍 Vadodara

Developed a responsive website using Dart and Flutter to provide comprehensive information about the Soorbodh application and JTC Company.

- Designed and implemented a responsive user interface that adapts seamlessly to both desktop and mobile devices.
- Utilized Dart and Flutter to ensure high performance and a smooth user experience.
- Deployed the website to a live production environment, accessible at [soorbodh.com](https://soorbodh.com) & [jtcbrd.com](https://jtcbrd.com).
- **Skills & Technologies:** Dart, Flutter, Responsive Web Design, UI/UX Design, Web Deployment.
